### III. Working Backwards - Create a Situation Given a Specific Domain and Range

For each question, give TWO different scenarios that would fit the given domains and ranges.

1. Domain: 0, 1, 2, 3 ... 49, 50  
Range: -20, -15, -10 ... 225, 230

Scenario A:

Scenario B:

2. Domain: From 0 to 16  
Range: From 0 to 450

Scenario A:

Scenario B:

3. Domain: From 0 to 20  
Range: From 45,000 to 15,450

Scenario A:

Scenario B:
